

Campout packing checklist

- Appropriate **clothing** for weather conditions both predicted and NOT predicted. Pack extra clothing in case scout becomes wet.
- **Bandana**
- **Backpack** and/or hip pack for hikes
- **Blanket** if camping in cold weather. Place blanket inside sleeping bag. The scout should always change clothes immediately before sleeping if camping in cold weather. This will ensure that sweat will not be on the clothes the camper is sleeping in, which will cause the scout to become chilled. (optional "luxury")
- **Belt**
- **Boots** for Rain or Water Shoes in the Summer
- **Bug Spray**
- **Camp soap**, found in a bottle, which can be used for the body and hair as well as for dishes and other items.
- Camping stool, sometimes used for fishing. These are about a foot high and are shaped like a tripod. (optional "luxury")
- **Clothing** - As a precaution, pack all clothes in large ziplock bags in case it rains. Some scouts will put together an outfit for each day - lay out your pants, place your shirt, underwear and socks in it and roll it up tightly. Each day, simply pull out one bag. If your backpack becomes wet from rain, all of your clothes will remain dry.
